MEKALA NEELESH RAHUL

Angular Developer | Agile Methodologies | Front-End Expertise

📞 (+91) 93937 37797 @ mekalneeleshrahul@gamil.com 🔗 LinkedIn 🔗 Protfolio 📍 Hyderabad, India

SUMMARY

Results-driven **Angular Developer with 2+ years of professional experience** in building dynamic, user-centric web applications. Proficient in **Angular, JavaScript, HTML5, CSS3, Bootstrap**, and RESTful API integration. Experienced in writing efficient SQL queries, and adept at **API testing with Postman** and **performance testing using JMeter**. Strong understanding of **responsive design**, component-based architecture, and version control using Git. Proven ability to thrive in **Agile environments**, delivering high-quality, scalable, and maintainable code.

EXPERIENCE

Software Developer - Front-End Developer

Toqqer Systems

📅 12/2023 - Present 📍 Hyderabad, India

- Developed and maintained Angular-based web applications, working on both new features and enhancements to existing projects.
- Integrated RESTful APIs, handled data binding, and ensured smooth frontend–backend communication.
- Collaborated closely on UI/UX design, contributing to component architecture, layout, and responsive design implementation.
- Fixed frontend bugs, improved performance, and optimized user interactions across modules.
- Actively contributed to the **design, development, and architecture** of Angular projects.
- Performed API testing with **Postman** and basic performance testing using **JMeter**.
- Wrote and optimized SQL queries for data-driven features and reports.

Trainee Associate Software Engineer

ATMECS Global inc

📅 01/2022 - 08/2022 📍 Hyderabad, India

- Started career as a Trainee Software Engineer with hands-on learning in **Angular**, **JavaScript**, **HTML**, **CSS**, and **Git**.
- Contributed to enhancing and maintaining existing services and updating UI elements in Angular applications.
- Gained exposure to cloud technologies like **AWS** and message brokers like **Apache Kafka**.
- Participated in testing and validation of components to ensure quality and functionality.
- Collaborated with senior developers on debugging, UI improvements, and API integration.

EDUCATION

Bachelor of Technology (BTech) in Mechanical Engineering

Jawaharlal Nehru Technological University Anantapur

📅 06/2017 - 08/2021 📍 K.S.R.M, Kadapa

SKILLS

Angular	JavaScript	HTML	Agile Methodology	Jira
RESTful APIs	CSS	Bootstrap	Angular Material UI	
TypeScript	RESTful API integration	HTTPClient		
JWT-based Auth flows	Postman	JMeter	Git	GitHub
Agile/Scrum	SQL	VS Code	AWS (familiar)	Excel
Firebase (basic)	Kafka (familiar)	NPM	SASS	

Declaration

I hereby declare that the information provided in this resume is true to the best of my knowledge and belief.

I understand that any false or misleading information may lead to the rejection of my application.

PROJECTS

Toqqer

Worked on a modern OTT platform comprising four Angular-based web applications, combining **YouTube-style** UGC features and **Prime Video-style** premium content management:

- **Toqqer Dashboard** – Admin portal for managing users, subscriptions, and platform settings.
- **Flix Studio (Toqqer CMS)** – Content partner portal similar to Prime CMS, enabling movie uploads, metadata editing, and schedule management.
- **Toqqer Studio** – A creator dashboard similar to YouTube Studio, with analytics charts, content performance insights, and video upload features.
- **Toqqer Web** – End-user streaming application
- Built responsive UI components and layouts using **Angular**, **Bootstrap**, **HTML**, and **CSS.** Developed modules for content upload workflows, dashboard analytics, role-based access, and service-based architecture. Integrated REST APIs, managed dynamic forms, and used **RxJS** for async data handling.
- Collaborated with QA and backend teams using **Postman** and **JMeter** for testing and performance tuning. Participated in Agile ceremonies, code reviews, and UI/UX planning to ensure smooth delivery of features

AcertusDelivers – Logistics Management Platform

Contributed to the development and enhancement of UI components using **Angular**, **JavaScript**, **HTML**, and **CSS**. Integrated APIs and updated reusable services as part of an enterprise-level logistics solution. Enhanced user experience by improving visual elements and fixing UI-level bugs. Used **AWS** for deployments and explored **Kafka** for handling real-time messaging. Participated in code reviews, testing efforts, and worked within Agile sprints.
